

Be a Curator

The Museum got a mysterious artifact and it needs help figuring out what it is. Put on a pair of white gloves to handle, measure and observe the artifact using the same techniques used by the museum curators.

About the Museum Experience

Museum Theme: General Museum

Grades: Open to all grades

Duration: 30 minutes

Capacity: 30 per session, multiple sessions available for larger groups

(For pricing questions, please see our FAQs)

Goals of the Experience:

- Students will build critical thinking skills while working in small groups
- Students will make observations and assumptions by using artifacts
- Students will understand the importance of museums, and the roles curators play in artifact conversation
- Students will engage in workshop generated conversations with teachers, other classmates and the facilitator
