Ocelot Mask

Materials
- Paper plate
- Scissors
- Hole punch
- Glue stick
- Brown construction paper
- String
- Black marker

Ocelots are carnivores, and can be found in many different places. Ocelots can even be found in the United States! These wild cats are very sneaky, good at hunting, and can run very fast. Learn how to make an ocelot mask below, and practice being sneaky like an ocelot with a fun game of hide-and-seek at home!

Instructions

1. Gather together all the materials you will need, which are all listed above!

2. With the help of an adult, carefully trace the shape of your mask on a paper plate with the black marker.
3. With the help of an adult, carefully cut out the shape of your mask, and the eyes of the mask.

4. Next, cut out the ears for your mask, from the brown construction paper.

5. Use the black marker to draw ocelot face markings onto your mask.
6. Use the glue stick to glue the construction paper ears to the top of the mask.

7. With the help of an adult, hole punch one hole on each side of the mask to tie your string to.

8. Tie your string to the holes that you punched, and then your ocelot mask is finished and ready to wear!
