In this activity, you'll be matching up dinosaurs with their correct eggs! On the second page of this activity there are six different dinosaurs with six different shapes. On the third page of this activity there are six different eggs which each have a shape in the egg. After you color in the dinosaurs with pencils, crayons, or markers, cut out the dinosaurs, and match and glue them to the egg that has the same shape the dinosaur is holding. Have fun!
Dino Shape Matching
